#### Report from the Shreve Memorial Library's Genealogy Room

1966 has been a record year for the Shreve Memorial Genealogy Room. The Room has become a "regional" department of the 4th Congressional District with each of the five parishes contributing to the support.

New quarters had to be found since the department had grown both in material and in patronage during the past few years. The year finds us in the large basement room at the library.

107 new book titles have been added to the collections of material. Six new periodicals, almost 1900 rolls of microfilm as well as various kinds of unbound manuscript material. Four new microfilm cabinets had to be purchased to house the new microfilm that was placed in the library by the Ark-La-Tex Genealogical Association. This microfilm is the court records of thirty-two parishes. While 1966 was a record year for the Genealogy Room, we hope that 1967 will be even better. We urge all of you to come to work in our new quarters.

This Newsletter is a new project for the Ark-La-Tex Genealogical Association. We hope that you will help us continue this publication. We feel there is a need for a genealogical publication for our area, but without your support and contributions of materials to publish, this effort can not be successful. PLEASE send your Bible records, cemetery records, queries, and any other material that you might have to: Mrs. Margery McGraw; Genealogy Room, Shreve Memorial Library, Shreveport, Louisiana 71102.

AR K A N S A S

There is a desperate need for Arkansas material. Not enough has been published on the history of this state and genealogical publications are very scarce. We make a plea for help. If you have Bible records, cemetery records, or other material that you would share, we would be delighted to print it here for you.

Mrs. Ann Andrews of Magnolia furnished us with the cemetery records of Columbia, Union, and Lafayette counties.
