

January 1968

TO ALL MEMBERS:

"In the beginning..." so begins the story of Creation in the Holy Bible. In a sense, however, we have the privilege of renewing those words in the beginning of each New Year. We can reset our sights on old goals and train our sights on new accomplishments and, to a certain degree, determine what our lives and our world will be in the coming year.

Progress in all things is, of course, important. Genealogy has always been something of a paradox to me in that, to progress, we really must go backward -- in time, in history, and even in geography. But as a group -- as the Ark-La-Tex Genealogical Association -- our progression must be forward. We must direct our efforts toward the creation of an organization which will reflect the up-to-date views of its membership and which will serve and sustain us in our pursuit of genealogy.

So in the beginning of 1968, let us resolve that our Association will be the finest of its kind, and I call on each member to make the resolution that he or she will give our organization the active support that the attainment of this goal will require. I promise you that the time and the effort expended will be rewarding and worthwhile.

My wish for each of you that 1968 will be a happy and prosperous year -- and may all of your genealogy problems be small ones!!

Sincerely,

David Washburn, President
