All Officers and Trustees of the Ark-La-Tex Genealogical Association join me in wishing you a most SUCCESSFUL HAPPY NEW YEAR. We repeat our pledges to carry out the duties of our offices to the very best of our combined abilities - always, of course, with the assistance and cooperation of all Members of the Association and the Ever Watchful Care and Guidance of Our Heavenly Father.

Our New Year begins on a high note. Mary Slimer, Program Chairman, has planned a full year of intensive educational programs for our regular meetings, with the series of lectures for January, February and March on "Materials Available in the Shreve Memorial Library Genealogy Room and Reference Room and How to Use Them" to be conducted by Margery Wright and Ben Achee. Lectures will be first on agenda of the meetings, with business kept to a minimum for the closing period each meeting.

Material is being prepared for publication of the First Volume of CADDO PARISH CEMETERY RECORDS and it should be off the press in the very near future.

And last, but not least, our FIFTH ANNUAL WORKSHOP is set for 9 a.m. to 4 p.m., May 15, 1971 in the Banquet Room of Holiday Inn - Downtown, at the intersection of Interstate 20 and Hamilton Road in Bossier City, La., just across Red River from Shreveport. Registration form on last page of this issue. Complete program and details in April issue of The Genie. Make plans now to attend on May 15 and hear a nationally known genealogist lecture on "Pitfalls in Genealogical Research."

MILTON RUBINCAM, F.A.S.G. - Book Review Editor, National Genealogical Society Quarterly; Editor, Genealogical Research: Methods and Sources; Author, Genealogy: A Basic Bibliography; Author of numerous genealogical articles; Faculty, Institute of Genealogy, Samford University since 1962 - will conduct our Workshop this year. No one seriously interested in Genealogy can afford to miss hearing this famous genealogist tell us how to stay out of trouble in our research.

Best wishes to all of you,

Ennis M. Tipton, President
Ark-La-Tex Genealogical Assoc.

REVIEW

October Meeting: Billy R. Randolph presiding in absence of E. M. Tipton. Preliminary plans for 1971 Workshop discussed; Cemetery Committee reported great progress in compiling Caddo Parish Cemetery records; other business matters discussed.

November Meeting: E. M. Tipton presiding, expressed regrets that we were unable to attend Louisiana Historical and Genealogy Society meeting held in Natchitoches, La. on same day as this meeting. Letter read from Mr. Milton Rubincam stating he would be available for Workshop 15 May 1971 to lecture on "Pitfalls in Genealogical Research." Members voted to donate \$200 toward purchase of microfilm census records for Genealogy Room after 1 Jan 1971. Appointed Margery Wright, Louise Barnett and Billy R. Randolph as Nominating Committee for 1971 & 1972 Officers.

December Meeting: E. M. Tipton presiding. Nominating Committee reported and all officers elected by unanimous vote from this report. Installed in short but impressive ceremony by E. M. Tipton. Standing ovation to Billy R. Randolph and Mrs. Willie Farley, out-going Vice-President-Treasurer and Recording Secretary, respectively, who have done an excellent job in these offices. Billy Randolph reported that records for 1st Volume of Caddo Parish Cemetery Records would soon be ready to publish. Mrs. Tipton discussed policies of The Genie and stated that only original, unpublished material should be submitted for publication. Board meeting set for 27 December and eight members of Board of Directors attended, with much work accomplished on plans for coming year. Complete list of Officers and Trustees on Page 2 of this issue of The Genie.

PREVIEW

MARY SLIMER, PROGRAM CHAIRMAN, ANNOUNCES PROGRAMS FOR JANUARY, FEBRUARY & MARCH:

9 January 1971 Regular Meeting: Margery Wright will explain general lay-out of the Genealogy Room of Shreve Memorial Library and use of the card catalogue. Ben Achee will discuss basic reference books and explain their location and usefulness in research.

13 February 1971 Regular Meeting: Mrs. Wright and Mr. Achee will conclude their lectures on books in the Genealogy Room, and discuss Use of Vertical Files, material available in the Larkin Edwards Room, in the Reference Room, and the Biography Section of Shreve Memorial Library.

13 March 1971 Regular Meeting: Mrs. Wright and Mr. Achee will discuss the microfilm collection and explain how to use it to the best advantage.

Please Note: These important educational programs of the Ark-La-Tex Genealogical Association will be open to all genealogists and researchers in the Ark-La-Tex area and they are cordially invited to attend them. No fee will be charged and membership in the Association is not required, but invitation to join Assoc. is extended.

LOUISE BARNETT, CLASS DIRECTOR, ANNOUNCES BEGINNER CLASSES IN GENEALOGICAL RESEARCH:

Anyone interested in attending classes for Beginners in Genealogical Research, call Mrs. H. N. Barnett, Tele. 746-1737, mailing address Box 237, Benton, La. 71006, or contact Mrs. Margery Wright, Tele. 423-2614, mailing address Apt. J-103, Villa Del Lago, 3500 Milam Street, Shreveport, La. 71109.

These classes are tentatively scheduled to begin in March or April 1971. Details will be announced in local newspapers and in April issue of The Genie.

SEE PAGE 3 FOR WORKSHOP ANNOUNCEMENT AND OTHER COMING EVENTS. WE PLAN A BIG YEAR.

VERTICAL FILES IN GENEALOGY ROOM OF SHREVE MEMORIAL LIBRARY

Margery Wright

Since you first started collecting your family records, how many times have you been told, "You know, your great-aunt Susie did a lot of work on the family history before she died, but I guess it was lost after her death." Isn't that heartbreaking to hear? Especially since she had a 50-year headstart on you, and probably found who old John's wife was, or copied records from Family Bibles now lost forever. All the time, effort and money she put into her research, just down the drain, and the family records, too! Why, oh why, didn't great-aunt Susie make a better provision for caring for this material?

What provisions have you made for your records? What will happen to your material if something happens to you? You insure your home, car, furniture and other property, but how many of you have any insurance or assurance that your precious family records will be taken care of or saved? You can replace your home and other possessions, but could you ever replace your records?

Mrs. Jinks McGee's car was stolen and the thieves threw away her genealogy notes while looking for something of value to them. Would you have the courage to start over as she has done? Rehoeing an old row takes time, effort and money. Some of the lost material may never be replaced. Do you have only one copy of your family records?

One patron of the Genealogy Room suffered a long illness and hospitalization. A kind, thoughtful daughter-in-law gave the house a good cleaning during that time. Two shoe boxes full of scraps of papers were burned. Lack of health and poor eyesight now make it impossible to start over. How frustrated that lady must feel. What condition is your genealogy in? Would an outsider, or even a member of your own family recognize its worth, or would it be just scraps of paper?

A metal file cabinet at home may seem safe enough to you, but in case of fire it could be destroyed. A cardboard box on a closet shelf may hold the records, but it certainly is not a safe place to keep them. Mr. Tipton's uncle had two old boxes of family records going back to the mid-1700's, safely stored in a cabinet. The uncle and his wife died suddenly and their children, finding nothing they considered of value, dumped the boxes in the trask pile and burned them.

A written genealogy is fragile - as fragile as tissue paper. It can be lost, it can be burned, or it can be watersoaked. The only precaution you can take in guarding your family records is to place as many copies in as many places as you can, to be sure at least one copy will be preserved.

Shreve Memorial Library has a metal filing cabinet set aside for the sole purpose of housing unpublished, manuscript copies of your genealogies. We will supply you with as many legal size manila folders as you need to file copies of your records here.

Wouldn't you feel more secure about your genealogy records if you knew that there was an extra copy of them on file at the library?

Listed on the next page are the surnames of the genealogies we have on file at the present time. How soon can we expect to add your names to our list?

Records from The New Orleans Christian Advocate will be continued in THE GENIE as they are copied from microfilm and as space permits. Mr. Billy Randolph is doing the copying at this time, and we are very proud to offer these records to our readers, not only as a service to genealogists, but to the Methodist Church.

To be able to publish these records is the happy realization of a long-time dream of your Editor, who in spite of her slightly "slap-happy" approach, is dedicated to the location and publication of such valuable rare data. We extend our thanks to Centenary College Library for the priveledge of making these transcripts, and to the Rev. K. G. Rorie, Pastor of 1st Methodist Church, Bossier City, La. for telling us where to find them.

ROSSIER PARISH LOUISIANA

By Mrs. Sam J. Nation

Prior to 1828, when Claiborne Parish was formed, all this territory belonged to Natchitoches Parish. From 1828 to 1843, Bossier Parish was a part of Claiborne Parish. Claiborne Parish Courthouse burned in 1848, with all records destroyed.

Bossier Parish was formed 25 February 1843, with Fredonia as the first Parish seat, then changed to Society Hill, which soon adopted the name of Bellevue. At this time the inhabitants numbered only a few hundred persons, most coming from Mississippi, Alabama, the Carolinas and Georgia. In the early 1900's the Parish seat was removed to Benton, after a long and warmly contested law-suit.

Bossier Parish Marriage Records consist of Bonds, Licenses, Marriage Certificates, Ministers' and Officials' returns. Dates of marriage certificate are shown unless otherwise stated.

FILING FAMILY RECORDS

Ema Lee Tipton

Filing, according to Webster's Dictionary, means "To set in order; to lay away (papers, etc.) arranged in a methodical manner." This is an over-simplified definition of a very complicated science, and you will note Mr. Webster says nothing at all about "finding."

Special courses in schools and colleges give detailed instruction on analysing, classifying, grouping, labeling, indexing and filing. There are alphabetical, numerical, coded, and combination systems, each absolutely fool-proof for specific types of material, and some are easily adapted for general use. Libraries, government agencies and many large companies have carefully worked-out special systems, with printed guide books to follow. However, none of these even mention family records. Almost all books of instruction on genealogical research discuss filing briefly, but I can assure you, none of my ancestors ever read any of these books and they stubbornly refuse to fit into any filing system in common use today.

As an office worker, I consider orderly filing an essential part of any "paper work", so began filing my family records when I began collecting them - each family group in strict alphabetical order, general data by type and locations, all carefully indexed on 3x5 cards. This worked fine for a while, then my Vaught married a Bryan, my Turner a Carr, my Etheredge a Walker, and I had a great stack of notes with as many as five different surnames on one page. My nice little filing system failed. Lines became broken and separated, cross-references became uncrossed, and after some of my ancestors married two or three times, having children by each marriage, I was ready to climb a tree - just a plain old tree, not a family tree!

I wrote to every experienced genealogist I knew for advice on filing family records, and received practically the same reply from all of them, "This is my big problem, too. If you ever find a good system, let me know."

As nearly as possible, I divided the families, with my paternal ancestors in one drawer, maternal ancestors in another, and general data in still another. I kept cramming material in file folders, sticking it in the file cabinet, and when I wanted something, just started with the first folder in whatever drawer I hoped it would be in, and searched, folder by folder, drawer by drawer, until I found it. I called these my "Idiot Files" and the file cabinet began to look like a great monster I must struggle with all the rest of my life, unless I could get it under control. The harder I tried to untangle the mess, the worse it got, because more material was being added almost daily and I could not stop the correspondence or research. I was simply trapped in a confusion of my own making.

At last, I obtained a little book on filing and finding family records. This system is based on your pedigree chart, with data filed numerically and indexed alphabetically on 3x5 cards. It is so simple, a child could follow it, and should work for any set of family records, since it can be expanded and adapted to suit almost any circumstance. If you start with as much mixed up material as I, it won't work too fast, but every hour's work shows results, and doesn't have to be done over. I still have a long way to go to get all my files in order, but the file cabinet doesn't look like a monster any more, and I'm even thinking of buying another one just like it.

The little book, WHO'S WHERE IN YOUR GENEALOGICAL RECORDS - "A Filing and Finding System", by the late J. R. Gobble, may now be out of print. If anyone knows where copies may be obtained, please let me know, so I can advise our readers. I saw it listed in some magazine recently, but didn't make a note of it, and now can't find it.

Many amateur genealogists spend great amounts for reference books, microfilm rental, photo copies of records, research trips, record forms, stationery, postage, long distance telephone calls, etc., plus countless hours of dedicated work, then store their costly data in the most haphazard, ridiculous, outrageous manner imaginable: In brown paper bags on closet shelves, grocery cartons in pantries, in shoe boxes, hat boxes, suit boxes, apple crates, and boxes of all kinds, stack it on shelves, chairs, tables, desks, and even on the floor - any flat surface available. What are you laughing about? It is not the least bit funny!

With space so limited in modern homes and apartments, the safest, best solution for storing family records is a file cabinet. In the Shreveport area, large chain stores sell 2-drawer and 3-drawer letter size metal file cabinets for less than \$25. I prefer the 3-drawer type, but that is a matter of choice and space available for it. Both are 15 inches wide. The 3-drawer is 18 inches deep and 40 inches tall. The 2-drawer is 24 inches deep and 30 inches tall.

A cardboard 3x5 card file box to hold up to 2,000 cards runs about \$2, and a similar size metal file box, about \$7.50. The 3x5 cards are about 50¢ per 100, and 3x5 index guides about 50¢ per set. The little plastic or metal boxes for up to 150 cards and a set of guides are about 50¢. Good manilla file folders are about \$5 per 100, and letter size index guides, either plain or alphabetical, about \$3 in sets of 25, with eyelets at the bottom to keep them in place in the file drawer.

For less than \$50 you can obtain all the equipment and supplies necessary to set up a compact, efficient filing section, near your desk, with all your precious records in one place, easy to find, easy to use, and not always subject to damage or loss by careless hands or loss of memory. You have already spent from ten to a hundred times that much in collecting your records. They deserve something better than a tattered old cardboard box, and you deserve something better, too. Then, in case you suddenly become ill, everyone will think twice before destroying the work you have done. Most people - except burglars - won't touch the contents of a file cabinet without permission of the owner. Even in case of death, your heirs or administrators would be very reluctant to dispose of the contents until they could do so properly. Certainly, you should file a copy of your data with the library, and in other places, to be sure it will not all be lost in case of fire or other disaster, but for all you keep at home - original documents, research notes, and other material - nothing beats a good file cabinet, and it doesn't even need a lock.

In addition to what Margery Wright has told you in her article about filing a copy of your data with the library, let me suggest this: Be very sure that all members of your family know the value of the records you have collected. Make a note of them in your will, and advise your family attorney about them. If you don't have a husband, wife, children, or other close kin, explain their value to your cousins, other relatives, or possible heirs. Don't be bashful about what a wonderful job you have done. Your house, furniture, silver, jewels and money can usually be replaced, but your family records can never be rewritten once they are destroyed. Scream your head off, if necessary, but make everyone understand and respect the years of work and worry you have put into gathering this material, and make them want to preserve it when you are gone.

My own heirs may dispose of all the family heirlooms when I die, but everyone of them will stand in awe of the family records and see that they are preserved to the best of their combined abilities, although none of them is particularly interested in genealogy and they all think I'm just plain "nuts" to spend so much time on it.

Many lost collections of family records would never have been lost, if the one who collected them had only taken the time and trouble to explain their value.

SOUTH SEA TRADING COMPANY
of New York
to
J. PHILLIPPE BRED A, M. D.

Mary Jewell Moore, great-granddaughter of Dr. Breda, submitted photo copy of the original document in possession of J. P. Breda, Sr., Shreveport, Louisiana.

"This agreement made this twenty-second day of April in the year of our Lord One Thousand eight hundred and thirty three between The South Sea Trading Company of New York, by the firm of Patten & Co., their agents, duly constituted and authorised, of the first part, and J. Philippe Breda, M. D., of Baltimore in the State of Maryland, of the second part, witnesseth: That whereas, the said parties of the first part are about fitting out a certain expedition from the Port of New York, for a trading voyage to the South Pacific Ocean and India, and on which expedition the Barque Silas E. Burrows, under the command of Capt. Benjamin Morrell, is expected to sail from this port of New York on or about the first day of June next on such voyage to the South Pacific Ocean and India, and afterwards to return to this port of New York, where the voyage is to terminate: Now it is hereby witnessed and agreed by and between the said parties to this instrument, that the said part of the second part shall go out in the said vessel on the voyage aforesaid, and shall continue in the service of the said company in the capacity and perform the duties of physcian, surgeon and Naturalist, connected with such expedition. It shall be his duty, and be hereby engaged to employ himself faithfully during said voyage, so far as shall be in his power, and to the best of his professional skill, in collecting curiosities and specimens of every kind, in every department of natural sciences as opportunity shall present, such as birds, animals, shells, plants, minerals, etc., and in stuffing, preparing and preserving the same, as shall be needed; and that he shall devote his while time and professional science and skill to such objects and pursuits during the aforesaid voyage; and therein shall do all in his power for the benefit of the said company, under the control and direction at all times of the supercargoes of said vessell during the voyage.

And the said company on their part agree to and with the said party of the second part, that in consideration of such services by him to be performed, they will pay to him therefor the sum of Twenty Dollars per month during the continuance of such voyage until its termination in New York; that in addition thereto he shall be entitled to receive on the termination of the voyage, one twentieth of the nett proceeds or profits of all such collections of curiosities in Natural Science as shall be procured on said voyage, and which shall be sold on their return to New York, and the same proportion, viz one twentieth, of such part of those collections as shall not be sold, and also he shall be entitled to one specimen of each variety of species of said curiosities where there shall be duplicates or more thereof, provided that such specimens be not in themselves of peculiar intrinsic value. The payment of his said salary is to commence with the commencement of the said voyage.

Dr. Jean Phillippe Breda, born April 1808 in France, soon after this voyage, settled in Natchitoches, Louisiana, bringing many of the specimens and mememtos he had collected with him. There he married Marie Helmina Dranguet 17 Mar 1837, and died in Natchitoches 1 May 1882. Their son, Joseph Ernest Breda, married 29 Dec 1873 Marie Elcey Hertzog, daughter of Bernardin Theophile Henry and Laura (Lecompte) Hertzog of Natchitoches, Louisiana. Mary Edmee Breda, born 1 Jul 1881, married 6 Jan 1920 Kemuel Edward Merren. These are the parents of Mary Jewel Moore. Her father died in 1962, but her mother resides with her at 349 Lister, Shreveport, La.

KEACHIE BAPTIST COLLEGE

1856 - 1911

Keachie Baptist College was founded in 1856, built on land donated by T. M. Gatlin, Sr., at Keachie, DeSoto Parish, La. It's importance as one of the very early colleges of northwest Louisiana can not be over emphasized, and few original records are available. Last summer, on a tour of historic homes of DeSoto Parish, we discovered the original registration book for 1886 through 1911, displayed at Fairview Plantation, and owned by John T. Moseley, III, who also owns Fairview.

Mr. Mosely graciously agreed for us to copy these important records and to publish them as soon as possible. Since zeroxing was not practical, the entire book has been hand-copied into a similar type ledger by Mrs. Willie Farley. When Mr. and Mrs. Gene Lush of LUSH CUSTOM MICROFILM SERVICE, Dallas, Texas, stopped by for a visit recently, they microfilmed the complete original records. The copy of the ledger and microfilm will soon be available in the Genealogy Room of Shreve Memorial Library, and we hope to publish the complete index in the April GENIE.

A search for additional data on this old college will continue, and if anyone has any information which would help us complete the records, please contact us at once. Many residents of DeSoto and Caddo Parish attended this college, and we are hoping some of them can help us compile an accurate history of the school.

BIBLE RECORDS COMMITTEE: Mrs. Enoch R. Norton and Miss Margery Sue Norton are now the official Bible Records Committee of the Ark-La-Tex Genealogical Association, with the responsibility of collecting Bible Records for publication in The GENIE. Their major activity will be copying Bible Records from the Vertical Files in the Genealogy Room of Shreve Memorial Library. These records were placed in there by serious-minded dedicated genealogists, and we assume they are accurate and reliable, at least so far as the donor could determine. No effort will be made to check them out, and they are published solely for your information and whatever data and clues you may be able to obtain from them.

If you are one of those purists who insist Bible Records are worthless unless they are certified photocopies of the original pages, including all the front pages of data on the publishing company, date of publication, etc., including a photograph of the Bible in color, with every entry made in the original owner's own handwriting, right up to & including the date of his own death, then this Bible Records section is not for you. We applaud your high standards, and respect you for them.

We fully understand and appreciate the value of such unimpeachable Bible Records, especially in proving a lineage, but we are not attempting to prove anything, just to publish data which will help our members and readers do their own proving. We will be delighted to receive photocopies of Bible Records for feature publication.

WHAT OTHERS ARE DOING

We are adding a new feature to THE GENIE which will include information on the activities of other Genealogical-Historical organizations throughout the south and southwest, announcements of Workshops, review of periodicals, and other data of special interest to those in the Ark-La-Tex area. There will be no charge for anything published in this section, but no "commercial type ads or sales notices" will be included and all material must be received by March 15, September 15, and December 15 to be included in the next issue of THE GENIE. Response to this new feature will determine whether it will be continued or not.

VIRGINIA WORKSHOP, FORT WORTH GENEALOGICAL SOCIETY
Saturday, March 27, 1971, 9:00 a.m. to 4:30 p.m.
Tarrant County Junior College, Student Union Building
Loop 820, Fort Worth, Texas

Fee: \$7.50 per person. Lunch available in College Cafeteria
Full program, with map to locate College and nearby motels and registration form may be obtained from Ft. Worth Genealogical Society, Box 864, Ft. Worth, Tex. 76101.

MRS. VIRGINIA POPE LIVINGSTON, M.A., C.G., will lecture on RECORDS OF VIRGINIA. Lack of space prevents a full list of all Mrs. Livingston's titles and credits, but she is an outstanding and nationally recognized authority on genealogical records in Virginia, where so many of us much go to complete our own research. If at all possible, the Tiptons will be there.

VERNON VIGNETTES
Special December 1970 Anniversary Issue

Published by The Vernon Family Association of America, one of the fastest growing, busiest family organizations in the United States, which was organized late in 1969 and now spreads from Coast to Coast, with a full slate of outstanding officers and twenty Compilers, all skilled genealogists, dedicated to assisting other members with their lineage problems. Vernon Vignettes, published quarterly, is sent free to all members, with Richard T. Colquette, Past President of the Ark-La-Tex Genealogical Association, as its editor. Membership fees in the Vernon Family Assoc. of America are \$5.00 per year, and include all their fabulous research facilities available to members. This Special Anniversary Issue of 38 pages is crammed full of genealogical data, clues, background information, and ideas any editor of a similar publication could use. Other Genealogical-Historical organizations could learn a lot from this issue on how to get their own organizations going in high gear, and all Libraries and Vernon descendants should obtain a copy, which may be obtained FREE by writing to Richard T. Colquette, Editor Vernon Vignettes, 2616 Leaf Lane, Shreveport, Louisiana 71109. May we suggest you include 12¢ in stamps to cover postage, when you write for your FREE copy, and enclose a self-addressed stamped envelope when you write for information on the organization or membership. After all, this is a non-profit organization and postage is one of their major financial problems. (This postage bit is my own idea, but it is important.)

ARKANSAS ANCESTORS PUBLICATIONS LIST

May be obtained from Mrs. Gerald B. McLane, 112 Leach, Hot Springs, Ark. 71901. The 23 books listed include records of Independence, Hot Springs, Garland, Pope, Sevier, Jefferson, Hempstead and Madison Co., Ark.; 1830 Arkansas Territory Census; Index of 1840 Arkansas Census; Index to 1830 Census of Missouri; 1850 Mortality Schedules for Arkansas; and others.

THE ALABAMA GENEALOGICAL SOCIETY

The Alabama Genealogical Society Magazine, published quarterly: January, April, July and October, contains data of great importance to many genealogists in the Ark-La-Tex area. This quarterly is on the exchange list of THE GENIE and is on the Alabama shelf of the Genealogy Room, Shreve Memorial Library. Mrs. Charles E. Norton, Editor, and her staff are doing a fine job of publishing valuable, much needed records. The names of the Society's Officers, Committee Members and the District Directors comprise a list of "Who's Who in Alabama Genealogical Circles." Membership and subscription details may be obtained from Mrs. Henry Neil Segrest, President of Alabama Genealogical Society, P. O. Box 569, Tuskegee, Ala. 36083. A self-addressed stamped envelope should be enclosed with any request for information.

The October 1970 issue of the Alabama Genealogical Society Magazine contains much important data, two records being outstanding.

First, the 1830 Census of Butler County Alabama, copied from a new roll of microfilm of the now almost illegible schedules by Mr. & Mrs. Rufus Watson. Mr. Watson states that he can guarantee there are errors in this transcript. However, it can save many of you many hours of tedious searching, and the errors are certainly minimal. Our own Mark Franklin is missing but all five of our Burketts are included, and that's almost perfect. We missed Mark the first three times we checked this census, and we were looking for him just as hard as we could. "Almost Illegible" is not adequate to describe the 1830 census of Butler County Alabama. Everyone interested in Butler County at this period should stand up and give three loud cheers for the Rufus Watsons.

Second, and most important to many of you, the first installment of Records from Old Town Cemetery in Dallas County Alabama, near the Lowndes County line, submitted by Miss Alice Lee. Some of the tombstone inscriptions are the answer to a genealogist's prayers, giving place of birth, parents, date of marriage, name of husband or wife, church membership, and other valuable details. We visited this ancient cemetery several years ago and ever since have fervently hoped someone would have the time and courage to copy these records. Time, because it is a rather large cemetery with much detail on the old weather-worn tombstones; and Courage, because many graves are closely spaced, some are eroded underground and to step on one of those could mean disaster, and the entire area looks like a refuge for snakes. Miss Alice Lee must be a very brave and dedicated person.

TO ALL OTHER GENEALOGICAL ORGANIZATIONS: If you would like your announcements published in THE GENIE, let us hear from you. The next issue due out April 1.

Now about us: This Issue of THE GENIE is a few days late. The Editor has been slowed down with arthritis - sometimes to a full stop - material was late getting in, and we have spent considerable time trying to reorganize and improve our GENIE. Additional help from new committees will make things much easier in the future. Our very sincere thanks to Mr. and Mrs. Roland Moore and Mr. and Mrs. Frank J. Slimer for helping collate the first half of this edition, and preparing the mailing envelopes.

I would also like to express my appreciation to the many editors of others quarterlies, and to the countless individuals who have either published some favorable comment about our own little GENIE, or have sent me such kind notes and letters. Thank you very much, and Happy New Year! *Ema Lee Tipton*

INFORMATION, PLEASE

We regret to inform you that Information, Please is suffering from malnutrition and parental neglect. After all, it's your column, too, so what else can you call what ails it? Please note that only four members out of 138 sent in queries for publication in this issue. That's a disgrace to the jay birds!

Queries are published free. Perhaps if we charged a fee, searchers would consider it more important, but we will postpone that for a while. The President of the Ark-La-Tex Genealogical Association and his wife, Editor of THE GENIE, could fill several pages of the "Information, Please" section with their own personal queries each issue, but we aren't sure this would be exactly ethical, so we will postpone that also for a while. After a year of begging you to send in your queries, I give up. No more begging. I'm just not the "begging" type. From now on it's strictly up to you. Now, I'm just plain pleading with you all to help keep this poor starving child of ours alive until it can stand on its own two feet.

There should be some kind of rules for submitting queries, but they would be too difficult to set up, and many members couldn't follow them without a lot of trouble.

JUST WRITE THEM UP THE BEST WAY YOU CAN AND SEND THEM IN, THAT'S WHAT COUNTS.

It would be nice to have them typed, but if you can't type, just write as plainly as you can, especially names and dates. I'll figure out most of it somehow.

Include all the dates, places, spouses, children, and other data on each person you need information on, so the reader will know what you want, and be able to identify the individual or family you are searching for. I suggest working from a family group sheet when you write your query, so you will include the data you have and be specific about what you don't have and what you want. I've found this is the best way to get it all down in a logical manner.

It would certainly help to receive all queries by March 1 for the April issue, by June 1 for the July issue, and by September 1 for the October Issue. This section will be held open until the last possible minute, but it surely does make things rough to have to wait until the day THE GENIE is due to be mailed, then have to add an extra page, or leave one out somewhere else. Our printer, who doesn't charge a dime for his work, gets pretty discomboomerated with me when I make him wait until I type up two extra pages. I'm a very slow typist.

Let's make this Real Honest-to-Goodness Happy New Year! Let's not let our little Information, Please die as dead as a door knob! It's real low sick! Only your help can save it, and I'm counting on you to do your part soon.

Again, HAPPY NEW YEAR, EVERYBODY! And thanks for the cooperation and assistance you have given me in the past year.
