THE PRESIDENT'S MESSAGE

Since December 1968 our membership has grown from 45 to 212, almost five times what it was less than three years ago. With this growth, our influence and responsibilities have increased greatly. Present committees must be enlarged, new committees added, and additional offices established and filled. Some projects and plans are being delayed due to a lack of help in completing them. Most of this help must come from members in the Shreveport-Bossier City area, but other members can contribute materials for publication in The Genie and assist in many other ways.

The Preference List on your Membership & Dues Form will give us the information we need to fill many offices in the coming year. The officers and trustees join with me in urging you to let us know what you can do to assist us in fulfilling our obligations to you, and to complete our projects and plans for 1972. Three major objectives of the Ark-La-Tex Genealogical Association are:

Through individual and combined efforts and resources of its members, generally to sustain educational programs, to aid in dissemination of genealogical information.

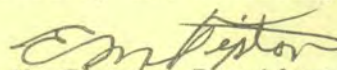

To collect, preserve & make available genealogical materials, documents & records.

To encourage interest in Genealogy and to sponsor educational programs for its development.

Thus, the future of our Association depends upon each of you, individually and collectively. The officers, trustees, committee chairmen and committee members must all have your active support to carry out their duties.

They have asked me to express to every member of this Association, their very best wishes and Season's Greetings throughout the coming fall and winter Holidays.

Cordially and sincerely,

E. M. Tipton, President  
ARK-LA-TEX GENEALOGICAL ASSOCIATION

## REVIEW

10 July 1971: Regular meeting at 3240 Creswell St., Shreveport, La. Business and announcements followed by a talk on "The Importance of Queries and How to Use Them" by Ema Lee Tipton. Mrs. Margery Wright served as hostess.

14 August 1971: Resignation of Mrs. Mary Agnes Slimer as First Vice President and Chairman of Program Committee was read and accepted. The Board of Directors recommended that offices be filled as follows: Dr. T. V. Holmes, Jr. - First Vice Pres., Louis T. Harman - Second Vice Pres., Mrs. Mary Jewell Moore - Treasurer. All these recommendations were accepted by vote of members present. Report made on Conference of Genealogical Societies held in Dallas, Texas 31 July 1971, with Dr. T. V. Holmes, Mrs. Margery Wright, Mr. Bill R. Randolph and the Tiptons representing the Ark-La-Tex Genealogical Association. After the business session, Dr. Holmes gave a very impressive talk on "The Need to Collect Your Family Records NOW" - before they are lost forever, and gave examples of where many records have been lost due to delay in copying them while they are still available. Mrs. Louis T. Harman was hostess for this meeting.

11 September 1971: Short business session followed by "Show and Tell" program, with members reporting on vacation research trips and showing various interesting documents and materials collected. This was a very successful meeting with all present participating in the program. Mrs. Louis T. Harman was hostess.

## LIBRARY REPORT

Margery Wright

This has been a busy summer, with a great increase in number of patrons using the Genealogy Room throughout the season. With Bobby Smith helping part of the time, we were able to bring the WPA material out of storage. This material includes the history of Shreveport, Caddo and surrounding Parishes, and biographies of many early settlers. To accomodate the large collection of Civil War books now being rebound, new shelves are being built. Watch the newspapers or check with the library around October 1, as we may be closed at least one day to rearrange shelves, cabinets and books. A new map of the Genealogy Room will be printed as soon as possible, but we may all feel "lost" for a few days.

A lot of new material has been added, much of it gift books, which includes six family histories. Mrs. Gwen Wardlow gave a booklet on the Bradford Family and one on Sutliffs. John Baker gave The Baker Family History. Pap Dean, artist for the Shreveport Times, gave The Deane-Dean & Allied Family, which he illustrated. The Colonial Dames gave The Marshall Family. Susie Blaylock McDanile sent The History of the Family of William and Sarah Pickens Henry. The following list of new material will be of interest to many of our patrons.

GATHERING OF THE SCOTTISH CLANS AT SALADO, TEXAS, 13 NOVEMBER 1971

Registration begins 9:00 a.m., at Salado High School adjoining the High School Gym. Mrs. Harry Joseph Morris, Director of The 11th Gathering of The Scottish Clans Workshop, has planned a special series of lectures based upon requests made at previous Gatherings. Wunderlick, Historian of the Central Texas Area Museum, and Mrs. Exa Thomas, author & editor. Others are being added to the list of guest lecturers so that a most instructive course of seminar lectures will be presented.

There will be a display of materials brought by those attending, with free "hand out" material distributed. At the conclusion of the Workshop, there will be a "Scotch Treat" lunch at the Old Stage Coach Inn. At the luncheon, donations and proceeds of the Workshop will be presented to Mrs. Sterling C. Robertson, Secretary-Program Director of the Museum, for the Building Fund of the proposed new addition to house the genealogical library.

Please address all inquiries, request for advance Registration Forms and Programs, etc., to Mrs. Harry Joseph Morris, Twin Oaks, 4700 West Stanford, Dallas, Tex. 75209.

Mrs. Harry Joseph Morris is a member of so many genealogical, historical, patriotic and hereditary societies and holds high office in so many of them, we can't begin to list all of them here, but we will tell you this: She is a member in very good standing in the Ark-La-Tex Genealogical Association and we are looking forward to having her lecture at one of our meetings just as soon as possible.

## WOODRUFF CHRONICLES & GENEALOGY, VOLUME II

Ema Lee Tipton

Compiled by Ceylon Newton Woodruff and Maurine R. Herod. Published by Arthur H. Clark Co., Box 230, Glendale, Calif. 21909, price \$15.75. A companion to Vol. I, Woodruff Chronicles, it is 6½ x 9½", hardback, 284 pages, with Coat of Arms, genealogical chart, historical map, 5 pages of illustrations and complete index. All Woodruff and related families will be interested to know a limited number of copies of Vol. I are still available at \$23.50 and both Vol. I and Vol. II can be obtained as a set for \$36.00 from the publishers.

No attempt is made to include Woodruff and related families of New Jersey in this review as The Genie is published primarily for readers in the South and Southwest. However, all libraries with genealogical departments in New Jersey, Florida, Texas, Louisiana and Mississippi should obtain copies while they are still available. Its value to libraries in DeSoto and Caddo Parish, La., and Freestone and Brown Co., Texas can not be minimized. Only 24 of the 284 pages will be discussed here.

My personal interest in this book is based on the simple fact that I am either "kin or kin to kin" of all these southern families. Maurine Herod, co-compiler, descends directly from the Woodruff, Magee, Riley and Etheredge families of DeSoto Parish, La. and Freestone Co. Texas, and through them related to the Moore, Horn, Stephenson, Billingsley, Robinson, Ruffin, Nance, and other early families of De Soto, Sabine and Caddo Parish, Louisiana.

Elias Woodruff, 1785-1862, son of Seth and Phoebe (Haines) Woodruff, was born in New Jersey. In 1811 he married Ailcey Collins in Twiggs Co. Ga. and moved to Pike Co. Miss. In 1850 Elias and one son were in Orange Co. Florida. His wife and most of their other children were in DeSoto Parish, La. Their children were:

Amelia Woodruff, b. 1814, m. Chauncey Collins and lived in Mississippi. Related families are Magee, Carr, Smith, Tate, Morris and Corley.

Eliza Woodruff, b. 1816, m. Moses Williams of DeSoto Parish, La. A son, Weston Lafayette Williams m. Margaret Lee Houston, daughter of General Sam Houston. No other children of Moses and Eliza Williams are listed. Weston died in 1889 and is buried in Brownwood, Texas.

Lucetta Woodruff, b. 1819, m. Rev. W. G. Evans of Harrison Co. Miss., a prominent Methodist Minister of Mississippi.

Phoebe H. Woodruff, b. 1824, m. Burkett Thigpen of DeSoto Parish, La. Related families are Etheredge, Mims, Oliver, Ruffin, Roberson, Smith, Berley, and Pitts.

Sarah Cole Woodruff, b. 1826, m. William Ginn Magee of DeSoto Parish, La. Related families are Fincher, McElroy, Howell, Collins, Robbins, Rascoe, Cole, Sanders, Riley, et al, of DeSoto and Sabine Parishes, and many others in Freestone Co. Texas.

Seth Woodruff, b. 1828, m. Mary Sophie Rich of Mechlenburg Co. N.C. Related families of DeSoto Parish and East Texas are McPhearson, Rachal, Samuels, Smith, Pitchford and Heflin.

William Washington Woodruff, b. 1832, lived with his father in Florida after 1848, m. Nancy Jane Galloway and died in Seminole Co. Florida in 1872. Many descendants still live in Florida.

Martha Ann Woodruff, b. 1833, m. Abram Hill Thigpen of DeSoto Parish, La., brother of Burkett Thigpen who m. Phoebe H. Woodruff. Many descendants in DeSoto and Caddo Parish, La.

This well-documented book, compiled after years of careful research, begins with John Woodruff, 1665-1770, and brings the family down to the present generation. Over 725 surnames and thousands of christian names are indexed. (by quick count).

## STARR & CRAWFORD FAMILY RECORDS

Compiled from original Bibles of Mary P. Starr Crawford and Margarette Lee Starr Crawford and J. D. Prator Bible, and others; Censuses of Alabama, Georgia, and Union Co., Ark.; marriage records, wills, and cemetery inscriptions; and files of Lillian McGowen, 1504 N. Mosby, ElDorado, Ark. and Nancy Fincher, September 1969.

HENRY STARR (1752-182-) Revolutionary soldier of Maryland, his wife Mary, believed to be from Virginia, and their children settled along banks of the Little River in Wilkes Co., Ga. 1780-85. In 1789, he bought 200 acres of land, in 1792 bought 350 acres described as bounded on all sides by vacant land. In 1798 he sold 200 acres to Thomas Skinner, and in 1814 deeded 250 acres to sons Asa and Samuel Starr, indicating that he was preparing to move to Morgan County where a Henry Starr and one female over 45 are listed on the 1820 census. His will dated 1818 and recorded in 1821 names only his wife Mary and is the last record found on Henry Starr. So far as is known at this time, their children were: Joshua, John Elijah, Samuel, Silas, Asa, Amelia, Caleb, Benjamin and Ann.

In 1799, JOSHUA STARR, believed born in Maryland, married Fenton Melear, daughter of Richard and Martha Melear, also in Wilkes County by 1785 or earlier. Joshua was a minister in Wilkes County and died there in 1822, leaving four sons who also became Methodist Ministers. John Wesley Starr was called on of the builders of Alabama Methodism. James Russell Starr moved to Henry County in 1825, thence to Troup County in 1829, to Chambers County in 1834 where he died. Joshua Starr went to Smith County, Texas ca 1852 and established the town of Starrville. Henry Starr (William Henry) followed later and in 1860 the two families owned all land between Starrville and Tyler, a distance of twelve miles.

Starrville, Texas, in northeast Smith County, located on the Dallas-Shreveport freight route, an overnight stop for freighters, was settled in 1852 and had a post office by 1856. Two schools and two academies were operating by 1858. In 1869, Starrville held what some source claim was the first State Fair in Texas. About the turn of the century, rail and postal service was discontinued, leaving the town to gradually decline in population.

FENTON STARR, her children and perhaps the Crawfords moved to Henry County Ga. ca 1825. The 1827 shows Mary Starr, a widow in Morgan County, drew land in Gaines County; John W. and Fenton Starr, widow of Henry County, drew land in Lee County. Fenton Starr and family are listed on the 130 census of Henry County Georgia.

ELIHUE and WATSON ATWOOD CRAWFORD, and one brother, name unknown, were sons of Claiborne Crawford whose parents were Ambrose and Martha Crawford from Virginia. Per land deeds, they lived along the Little River, Wilkes County Georgia in 1791. In 1820 Claiborne Crawford is listed on the 1820 census of Morgan County. Nothing further is known of Claiborne and his parents at present.

MARY P. STARR and ELIHUE CRAWFORD were married 1832, and MARGARETTE LEE STARR and WATSON A. CRAWFORD were married 1834, both in Henry County, and were listed on the 1840 census of that county. However, Watson and Margarette Crawford soon moved to Upson County where most of their children were born, and sometime in the 1860's migrated to the Cass County area of East Texas. It has not yet been determined where Elihue and Mary Crawford lived between 1840-1860, at which time they moved to Union County Arkansas.

Elihue Crawford, b. 25 Jan 1812 Morgan Co., Ga., d. 12 Aug 1884 Union Co., Ark. Mary Pauline "Polly" Starr, b. 10 Oct 1813 Wilkes Co., Ga., d. 2 Sep 1883 Union Co., Ark. Married Elihue Crawford 7 Mar 1832 in Henry Co. Ga. Both are buried in First Methodist Cemetery, El Dorado, Arkansas.

Margarette Lee Starr, b. 25 Apr 1820 Wilkes Co., Ga., d. Sep 1888 in Texas. Watson Atwood Crawford, b. 10 Mar 1813 Morgan Co., Ga., d. 2 Aug 1898 in Texas. Married Margarette Lee Starr 2 October 1834 in Henry Co., Ga. Both are buried in Queen City Cemetery, Queen City, Texas.

## GENEALOGICAL QUERIES

Emm Lee Tipton

The queries you publish and those published by others can be one of your most valuable, most rewarding research tools. Neglecting this phase of research can be a serious handicap, and who need handicaps in searching for genealogical records. The major purpose of publishing genealogical queries or answering queries published by others is to make contacts, exchange data, and coordinate research with others who are interested in your families, or in your surnames.

Always request the source of any information you may receive, obtain photo-copies of the original records whenever possible, or establish proof of their accuracy in some other way. Without proof, use the information only as a clue or lead, but remember, clues and leads are extremely important. Never publish a query unless you plan to follow up all replies.

You can write your own queries better than anyone else because you have more information and know what you need better than anyone else. I suggest you carefully study the queries published in all the good periodicals to learn how they should be written, then follow the examples of those you like best. Some "How To" books give guidelines for writing queries. The following instructions were given for preparing queries for the September 1968 Genealogical Register:

"In preparing this registration blank please, if at all possible use a typewriter equipped with a good ribbon. If registration is handwritten, please print as plain as possible. Double space your lines to make your material easier to read and to enable the editor to make notations between lines for the typesetter. Do NOT abbreviate. Capitalize all letters of surnames and the first letter only of given names or places. (John JONES born Mesa, Colo. married Mary MEEKER born Peoria, Ohio.) Proof (reread and check) your material to be certain it is correct.)"

In the June 1970 Genealogical Helper, the following rules and recommendations were published for queries to be sent in to "The Question Box" section:

- "1. Each query must pertain to one person or one couple. Give all the information you can such as dates of birth, marriage, death, etc. Also give facts or traditions such as place of birth, marriage, death; place and date of children's birth; religion, military service; occupation; places of residence, including city, county, state, etc.
2. Each query must be typewritten on a separate sheet - never on a sheet with an order or other matter. (Or other query.)
3. The name and address of the querist must appear on each and every question submitted to the Question Box.
4. Queries of general interest on any genealogical subject will receive top priority. Others will be considered in the order in which they are received.
5. Queries must not exceed 100 words. Only one query per person, per issue will be published. If you send more than one query, mark them as to first, second and third, etc. - - - - -"

Most quarterlies give specific rules for preparing queries sent to them, limit the number of words in each query, have a very strict deadline for each issue and a special Query Editor to edit and set up the material for final copy. So far, The Genie has established no tight rules but you will note my "query" for a Query Editor on the bottom of the last page of "Information Please" in the July issue. Anyone who volunteers will be welcomed with open arms and a stack of material to start on. All you need to qualify is a typewriter, a magnifying glass, a zip code book, a crystal ball, ability to read illegible handwriting, an excellent imagination, the patience of Job, and the willingness to try. The rest is easy as pie. The job of Query Editor for The Genie is still open. Doesn't anyone want it?

Suggestions for preparing queries for The Genie are given on the next page.

## SUGGESTIONS FOR PREPARING QUERIES FOR PUBLICATION:

1. To compose a good query, use your head, family group sheets and pedigree charts, and confine each query to one person or one family group as nearly as possible. No explanation is needed for details you are sure of, but for those you have no proof on, specify them as Tradition, Probable, or Estimated so the reader will know you need proof on these details.
2. Prepare a rough draft of the query, check all dates, names, places to be sure they are correct, then write the final copy. Proof read and keep one copy for your files.
3. Never use any abbreviation except standard abbreviation for months and states. NEVER use the new two-letter abbreviations for states of any other two-letter abbreviation for any word. Editors don't have time to refer to code books.
4. Never use only numerals for dates such as 7/5/23 for 5 Jul 1923. (Never use only numerals for dates anywhere in your genealogical records.)
5. Write each query on a separate sheet of paper, with your full name, address, including your newest zip code, and date of mailing in the upper right corner.
6. Use only full size sheets of white paper. Never use index cards, pages from scratch pads, or assorted sizes and colors, or torn scraps of paper.
7. For typed queries, use standard 8½x11" white paper, a good typewriter ribbon, clean typewriter keys, and double space between all lines.
8. For handwritten queries, write or print as plainly as possible, paying special attention to all names, dates, places or other important details. Use standard 8x10 or 8½x11 notebook paper with lines and skip a line between each line of writing. Use black ink. (If you have not already started using only permanent water-proof black ink for all your genealogical writing, do so at once.)
9. In case of mistakes, if you can not make a clean erasure, simply XXX out the mistake and go on from there. NEVER write over a letter, number, or word. (I use a white correction fluid, called "Liquid Paper" which is sold by most large office supply firms. A bottle of thinner is needed with each bottle of Liquid Paper.)
10. When you send in more than one query at a time, be sure your name and address is on every page with date of mailing, and show preference of order in which you want them published.
11. ALWAYS mail your queries in time to be received before the deadline date for publication in the next issue of the periodical so they won't have to lay over for three months.

The Genie is published the 1st day of January, April, July and October. All queries should be received no later than the 10th of the month preceding publication date, i.e., 10 Dec., 10 March, 10 June and 10 September, or sooner if possible. It is necessary to type up the queries ahead of time to determine the exact number of pages for each issue. Once the format is established, it is very difficult to add or delete a page, and queries not received on time may have to be carried over.

These are suggestions, not rules. Don't let them discourage you from sending in your queries for publication in The Genie. As Editor, I need your support to publish six or seven pages of queries in each issue. As Searchers, you need the information you may obtain. Send in at least one query for every issue of The Genie. Send more for each issue if you like, but at least one. If you will do this and follow the rules and suggestions on these two pages, your queries could be very successful. Much of the information on your families will be received from unrelated searchers who are gathering data on one of your surnames in the course of their own research, so always respond to all replies whether from relatives or not.

ROSTER OF MEMBERS

and

FAMILY SURNAMES

for

1 9 7 1

The Genie proudly presents this Roster of Members and Family Surnames for 1971 which shows our growth in the past year and almost complete membership participation in submitting family surnames for our records.

The surname lists were compiled by Willie Farley from Membership and Dues Forms, Workshop Registrations, and other sources, with a special search of correspondence and other data to find surnames for everyone possible. Some of you may be disappointed that we missed your surnames in this search, but we tried very hard to find all we could in our files.

For those who have no surnames listed, or only one or two, this emphasizes the importance of filling out your Membership and Dues Form in complete detail when you send it in, and in submitting your Ancestor Charts just as soon as possible.

Used in conjunction with our 1970 Special Edition with its 98 Ancestor Charts, you may be able to find others who are interested in your families. Out of the thousands of surnames included, you can surely find several that look promising. Contact those who have your family names listed, and above all, answer all inquiries you may receive for information on any of your families, or family surnames.

This roster includes members through September 30, 1971. A supplement will be issued with the January 1972 Genie to include all who join the Ark-La-Tex Genealogical Association between October 1 and December 31. We hope there will not be too many serious errors in this Roster, but corrections will be issued with the January 1972 supplement if you will advise us of such errors before December 10, 1971.

To help us make our 1972 Roster and Surname List truly complete, please fill out the new 1972 Membership and Dues Form completely and in detail, and send in your five-generation Ancestor Chart as soon as possible. Be sure to fill in your Preference List with your Dues Form, so we can know your wishes and try to serve you better in 1972. Your comments on this list will be especially helpful and greatly appreciated. Let us know what you think of this Roster and if we should plan to publish another one next year, even bigger and better with your help.

Remember, every member is urged to obtain at least one additional new member for our Association in 1972, so our Roster next year will be at least twice this big.

Give some friend or relative a subscription to the Genie as a Christmas gift. This may be a good way to get some reluctant relative interested in your family research. Our Genie's magic lamp really is "Magic".

ANNOUNCING  
BIG TALENT SEARCH

YOUR TALENTS ARE NEEDED

Emma Lee Tipton

There must be many members of the Ark-La-Tex Genealogical Association who could conduct lectures, teach classes or write interesting informative articles on genealogy. Whatever talent you have will only live and develop to its fullest if you use it for some worthwhile purpose. Unused, it will slowly shrivel and die within you and you will never know what it may have become. It may even destroy you as it dies.

A major recommendation for prevention of mental illness is participation in some activity which allows expression of your own special talents and abilities. I don't know about that, but involvement in things that interest you will certainly prevent boredom and a dried up, rusty, squeaky mind.

Almost all of us have had unusual experiences in our research, found data in out-of-way, little known or seldom used sources, learned better ways to do certain things, developed some special more efficient technique, and can tell fascinating stories of our ancestors, far more interesting than any fiction.

If you can give a lecture on some particular phase of research or record keeping, let our Program Chairman know. If you can teach or help teach a class on any subject, let our Class Director know. If you can write an article on genealogy - any phase or subject - let the Editor of The Genie know.

I can almost hear some of you saying, "I can't give a lecture because I would just die of stage fright. I can't teach a class because I don't know anything anyone would be interested in and wouldn't know how to begin. I can't write an article because I've had no training or experience and can't even spell cat." Have you ever tried to do any of these things? How do you know you can't until you try? Everyone is eager to learn and no one knows everything. What do you know that may help others? It's what you do with what you have that counts. Can't never did anything and never will.

Don't be so timid. Don't be so humble. Don't be so selfish and lazy. Don't be afraid of failing. Don't belittle and smother the talent you have. It is a gift from God and the very ancestors you seek. Don't shame them by developing a dried up, rusty, squeaky mind.

Let yourself go when you fill out your Preference list on your Membership & Dues Form. Tell us what you can do, or what you are willing to try to do. You might become a famous lecturer, teacher or writer. At least, you'd get "A" for effort.

Our section "What Others Are Doing" is set aside for announcements of interest to all our readers - Announcements of Meetings and Workshops of any genealogical or historical organization, Church Homecomings, Family Reunions, and other items of interest. Deadline for announcements is the last possible minute before publication, but should be received, if at all possible, by December 15, March 15, June 15, and September 15 for inclusion in the next issue of The Genie. There is no charge for publishing any announcement of general genealogical-historical interest.
