## I N D E X

We, of the GENIE, apologize because we have not really completed our tasks as per usual; however, because of extenuating circumstances and certain exigencies we have not alphabetized the internal sections of this Index. We hope to do better, but bear with us for this time. Certain "name" tabulations have been omitted from the name listings, but they have been enumerated at the end of the Index; most of them are alphabetized so there should be no real problem in researching them for your "names" of interest. Thanks.
