THE GENIE

THE GENIE is published quarterly. Each member receives four issues for each year of membership. All material published in THE GENIE is compiled and contributed by the members. The Genie invites exchange of periodicals with other genealogical-historical organizations publishing data of general interest. We regret that we cannot exchange with limited family organizations but invite them to send samples of their publications for a brief review since many of these family organizations are of a great value in information on the family covered by them.

All members of the staff of THE GENIE are volunteers.

PRESIDENT'S PAGE

Dear Members:

Circumstances have caused the Board to change some of our plans. The Book Fair and our Workshop will be combined. They will be held August 8, 1987, at the Chez Vous Motel on Monkhouse Drive in Shreveport. The registration blank is in this issue of The Genie. This seminar is for all persons interested in genealogy. We want every member to encourage their friends to come to the meeting. Learn, share, get a new perspective on genealogy.

Our combination of a discussion group on problems in a particular state, lectures on beginning genealogy, and programs on background information have proven beneficial to all. The June 13 meeting will be another such day. Georgia will be the state of discussion. The program will be Sharon Brown of Jonesboro speaking on the 1988 NGS Conference. In July, Pat Meador, Associate Librarian and Archivist at the LSUS Noel Memorial Library, will tell us about the records available there.

Searching for ancestors is among the top ten in hobbies. Once the interest is aroused, we just keep digging. Sometimes we find skeletons, sometimes we find heroes, but to the genealogist they are all interesting because we belong to them.

Somewhere among our families, we may find a clue to why we act, look, think, and behave the way we do. Many times the collateral lines will yield information that will help you get around a dead-end problem. Looking up "kissin' cousins", to me has been interesting. Sometimes you get rebuffs, sometimes you meet a kindred spirit, and have found a new friend and a wealth of information.

Our library at Werner Park is growing. Come and browse. Remember-sign up for the workshop. We want each member to bring a friend.

Miss Isabell Looney, a long time member of the Ark-La-Tex Genealogical Association, passed away this spring. A donation by the Association will be made in her honor to the Shreve Memorial Genealogical Library.

Sincerely,

Marguerite Loftin

REVOLUTIONARY WAR RECORDS MICROFILM PROJECT

A drive to raise the \$17,960 necessary to purchase the 898 rolls of microfilm contained in "Selected Records From the Revolutionary War Pension and Bounty Land Warrant Application Files" is being conducted by the Shreveport Chapter of the Daughters of the American Revolution.

These rolls of film will be placed in the Genealogy Department of Shreve Memorial Library in Shreveport, La., in honor of the 100th birthday of the National Society of the Daughters of the American Revolution, and Mrs. Norbert JOHNSON, Regent of the Louisiana DAR and a member of the Shreveport Chapter.

Funds to purchase 310 of the 898 rolls have already been dedicated, according to Mrs. J. Pollard SEALY, chairman of the drive. The cost of a single roll is \$11. Individuals desiring to contribute to the project may contact Mrs. SEALY, 833 River Road, Shreveport, La., 71105.

Donations may be made in honor of, or in memory of individuals. These names and the names of donors will be placed with the rolls of film.

In support of this project, the Ark-La-Tex Genealogical Association is publishing a cookbook to be available first at its' annual Bookfair, August 8th. This book will contain family recipes, early day household hints, and genealogical quips. Contributions of recipes have been solicited from non-members, as well as, members of the Genealogical Association, with deadline of May 31, 1987.

Frances Glassell (Mrs. Gordon) LAMBERT has in her possession a cookbook published in 1925 by the Shreveport Chapter of DAR. The book belonged to her mother-in-law, Olivia Clara Quattlebaum LAMBERT (Mrs. Joseph Oliphant LAMBERT), who was a long time member of this chapter.

Several of the recipes in the book have been marked, and are presumed to be favorites of Mrs. LAMBERT.

DARK DEVIL'S FOOD CAKE

One cup of brown sugar, two-thirds cup of coffee liquid, four squares chocolate (bitter). Cook this mixture until thick. One-half cut butter, one cup white sugar, two egg yolks, beaten until lemon colored, two egg whites, two cups of flour, two teaspoons of baking powder, one-half teaspoon vanilla, a pinch of salt, and one-half cup coffee liquid. Cream butter, add sugar, then eggs, sift flour, baking powder and soda together. Add above mixture alternation with the chocolate mixture and one-half cut coffee mixture.

Make two layers. Should be thick enough so that one has to spread it out with knife after mixture is in pan. Use white boiled icing for top and between layers.

Mrs. Percy DOHERTY

DATE LOAF

One scant cup of sugar, one cup of nut meats, one cup of dates and figs mixed, two tablespoons flour, one teaspoon baking powder, two eggs. Mix and bake in a moderate oven. Crumble and serve with whipped cream.

Mrs. W. F. TAYLOR

NATCHITOCHE PARISH NOTES

By Fern Ainsworth

Some of the early settlers in Natchitoches Parish, Louisiana, emigrated from York County, South Carolina. The graves of many of their ancestors are located in the cemetery of the Beersheba Presbyterian Church, Route 1, York, South Carolina. The cemetery is situated on the grounds directly behind the church now standing.

The church was organized in 1769. The present building is the fourth church of this congregation. The cemetery has been used as a community burying grounds since the beginning of the earliest church. In the old part it is known definitely that there are a number of graves unmarked.

The oldest marked grave is that of Hanah WATSON, who died August 13, 1706. The second oldest grave is that of David WATSON, who died in June 1706. Descendants of both were among those who came to Natchitoches Parish.

Names and dates from tombstones of those with Louisiana descendants are given below.

NEW NATIONAL ARCHIVES MICROFILM RENTAL PROGRAM

The National Archives has announced that individuals can participate in the Microfilm Rental Program. This program, which is now operating, allows individuals to rent National Archives microfilm. These are the only available microfilm rolls copied directly from the original silver master maintained by the Archives.

In addition, the program introduces new lower rental fees, both for direct participants and for those who order through such institutions as libraries or genealogical societies. These new rates, the lowest available, are \$3.00 per roll for orders of 4 rolls; \$2.50 per roll when 5-9 rolls are ordered; and \$2.00 per roll for orders of 10 or more rolls. In addition, the \$3.00 postage and handling fee is waived for orders of 4 or more rolls.

The new direct-order program does not replace the present rental service, which operates through local libraries. Novice genealogists who prefer to have experienced ordering assistance can still order microfilm through participating libraries. Experienced genealogists, however, can take advantage of the efficiency of the direct order program.

Interested individuals can request a copy of the Microfilm Rental Program brochure by writing to: National Archives Microfilm Rental Program, Post Office Box 2940, Hyattsville, MD 20784.

BRIDGES CEMETERY

This BRIDGES Family Cemetery is located in Caddo Parish, Louisiana in woods about 1½ miles south of the Blanchard-Furr Road and one mile west of the Mooringsport-Greenwood Road, in Section 22, Township 18 North, and Range 16 West. Approximately 200 feet west of an old logging road, this cemetery is difficult to find. Heavily overgrown with briars and brush at the time of recording, it is a well fenced plot about 40 by 60 feet in size. These are the only marked graves. Copied 27 January 1971 by B. R. RANDOLPH.

LSU LIBRARIES' MICROFILM USE POLICY

For almost forty years the LSU Libraries, in cooperation with the state's publishers, has undertaken a massive project to preserve Louisiana's newspapers. The LSU Libraries has devoted much time and money to collecting and microfilming every available issue of these important records of Louisiana's life and culture. Newspaper publishers have cooperated by depositing with the LSU Libraries current issues of their publications as they are issued. These issues, together with older backfiles, have been microfilmed by the staff of the LSU Libraries, and the resulting microfilm made available to researchers, genealogists, faculty and students.

Until a few years ago, no positive copy of this microfilm was generated; the actual camera negative was instead used for reference and research. Because these newspapers are an extremely important research tool, some reels of microfilm have been heavily used and have begun to wear out. Since in many cases the original newspapers were destroyed after they were microfilmed, these precious negative microfilm reels are the only copies of these newspapers in existence.

Recognizing that an important part of Louisiana's heritage has thus been endangered, the LSU Libraries has adopted a new policy of no longer letting the master negatives be used for reference purposes. The Libraries has undertaken an extensive program to generate copies for use in microfilm readers. This will be an expensive and long-term project; in the meantime, many of these titles will not be immediately available for consultation and use. Instead, positive copies of the negative microfilm will be generated on demand; normally there will be a delay of between two to four days to provide this copy for use.

The LSU Libraries recognizes that this new policy may result in serious inconvenience to the reader. We regret this inconvenience, but we are confident that genealogists, historians, faculty and students, and all other researchers will understand that this step is taken in the interest of the long-range preservation of these indispensable historical materials.

In order to minimize inconvenience, the LSU Libraries suggests that when researchers anticipate using Louisiana newspapers on microfilm, they call ahead to determine if the newspaper is available, and to request that copies be generated for their use if necessary. The LSU Libraries will make every effort to generate positive use copies in advance of the need. In addition, the LSU Libraries will make these copies available on interlibrary loan.

In order to find out if the newspaper title you need is available, please call Special Collections Reader Services at 504-388-6568, or write to:

TITLE: AN INDEX TO GEORGIA TAX DIGESTS, 1789-1817
 in five volumes

ORDER FROM: The Reprint Company, Publishers, Post Office Box 5401,
 Spartanburg, South Carolina 29304

COST: \$75.00 the set. \$15.00 each volume. softbound

The earliest existing federal census record for the state of Georgia is the Census of 1820; although an extensive search has been made for the census reports of 1790, 1800 and 1810, no trace of them has ever been found. The most widely accepted theory maintains that they were destroyed when the Capitol in Washington was burned during the War of 1812. In the absence of the first census records, genealogists and historians interested in the late 18th and early 19th centuries in Georgia must turn to other documents. With the publication by the R. J. Taylor, Jr. Foundation of these five volumes of indexes to selected tax digests in the holdings of Georgia Department of Archives and History, the amount of easily accessible information on Georgia residents for the years prior to 1820 has increased substantially. Approximately 75,000 individuals appear in these indexes, which were compiled from 73 pre-1820 digests representing 24 counties. The majority of the digests are from the counties of Clarke, Greene, Jackson, Jefferson, Liberty, Lincoln, Oglethorpe, Richmond, Tattnall and Wilkes, which are represented by from four to six digests each. The other counties are Baldwin, Hancock, Jones, Madison, Montgomery, Morgan, Pulaski, Putnam and Warren.
