THE GENIE

THE GENIE is published quarterly. Each member receives four issues for each year of membership. All material published in THE GENIE is compiled and contributed by the members. THE GENIE invites exchange of periodicals with other genealogical-historical organizations publishing data of general interest. We regret that we cannot exchange with limited family organizations but invite them to send samples of their publications for a brief review since many of these family organizations are of a great value in information on the family covered by them.

All members of the staff of THE GENIE are volunteers.

PRESIDENT'S PAGE

Dear Friends:

This is the last issue of THE GENIE for 1987. We hope you have found articles in Volume 21 that have helped you with your research. In order to receive the four issues in Volume 22, please renew your membership soon. Our present mailing category does not include forwarding of mail-so please, in order to receive the issues of THE GENIE as they are mailed, let us know of any address change as soon as possible.

The August 8, 1987 Book Fair-Seminar was attended by 112 people. Our speaker, Jo White Linn, answered questions after the Friday nite reception and gave background information to prepare us for the Saturday lecture on "The Philadelphia Wagon Road". Evelyn Howard and her committee provided the buffet for the reception. Wanda Head coordinated the workshop and everyone had a good time. We had many door prizes provided by the eleven vendors present.

Joyce Bridges was in charge of the Book Fair. The contributions to the Fair will enable us to add 90 books to the shelves of Shreve Memorial Library, and 5 books for Werner Park Library. Almost every area of the United States was represented. Joyce unveiled the Cook Book at the Fair, and we are off to a good start for the fund for Revolutionary Pension Records.

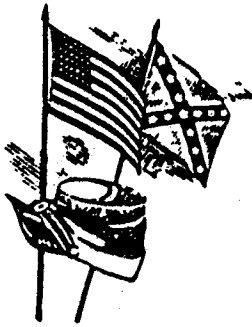

At our annual meeting in December we will elect two trustees to the Board of Directors. We encourage any member ready to serve on the Board of Directors to send in their name. Come to our Christmas Party and enjoy the fellowship among our members.

The November round table topic will be South Carolina. Watch the papers for the October and November programs.

The 1830, 1840 and 1850 census records of Pennsylvania, purchased by the Ark-La-Tex Genealogical Society for Shreve Memorial Library, are in place and ready for your use.

Remember-RENEW!

Marquiste Loftin

MASONIC GRAND LODGES

The Masonic Grand Lodge in the state in which your ancestor was a member may have the records of the lodge to which he belonged. If writing to request information, be very polite in the wording of your request since any information furnished is strictly a courtesy. Always remember to enclose a stamped, self-addressed envelope and offer to pay for any services, such as copies, etc.

Information of a genealogical interest which might be found in Masonic records would be date and place of birth of the member, address at time of membership, date of death, if that occurred while a member of the lodge, and name and location of another lodge if member transferred in or out.

RECORDS COMPILED BY OIL COMPANY LEASE DEPARTMENTS

By Ema Lee Tipton

Oil wells are almost as commonplace as pine trees in the Ark-La-Tex area, frequently outnumber houses and people in rural sections, and everyone has heard of oil leases. However, few genealogists seem to know how much research oil companies do on land they lease or what happens to the records when the lease expires. If you already know this, forgive my eager chatter. What I don't know would fill several oversize box cars and when I learn something that may help others, I just can't wait to tell about it.

In 1940 a "lease hound" called to locate my father to obtain his signature on a lease for land that had been in our family over 100 years. He then needed about 400 signatures so I wished him luck and forgot about it. When I began research on the Carlton line I found a list of all the living heirs prepared by the oil co. in 1940. It was actually a pedigree chart of all C. B. Carlton's descendants and I stupidly assumed this was all the data the company had compiled. In 1969 another "lease hound" called. I told him my father was dead but all his children would sign the lease if he would give me an up-to-date list of all the Carlton heirs. He agreed to this. After six months, not hearing from him, I called and was told there were now over 2,000 heirs so the project was abandoned. I never did get the up-to-date list, but wouldn't the names and addresses of over 2,000 living descendants of any great-great-grandfather be wonderful to have?

In April, Willie Farley offered to loan me records on an oil lease to examine. I expected to see a list similar to the one above, plus perhaps a few pages of other data. Instead I received a bound volume of 305 pages! I had never seen a complete abstract on any tract of land before. There must be others who are unfamiliar with such documents. Their availability through oil companies is of special importance in this area. For those who have never seen a complete abstract and who, like me, may not have considered them important, a description of the Farley document may be helpful.

On the cover is listed every parcel of land and its exact location in the entire 260 acres. Page 1 to 4 is an index of all grantors and grantees, page and book numbers of original records, notes whether the transaction was a land grant, sale, succession, mortgage, power of attorney, etc. Page 5 gives the same data as the cover. Page 6, The Surveyor's Report, is a graph of the township divided into 40-acre plots. Page 7 is the abstractor's explanation of where various records were located and that some were lost in a courthouse fire in 1878. Four northwest Louisiana Parish Courthouses are listed as sources of the data, with dates when each was formed and from what other parishes.

The first deed on Page 8, dated 27 April 1850, is for 159.12 acres, a patent based on a military warrant, giving certificate number and land description. Page 9 states that failure to find any record of sale or transfer of this land was due to records being lost in the courthouse fire. Pages 10 through 305 are copies of all other deeds and transactions related to the 260 acres beginning 23 November 1872 through 8 June 1937, when the abstract was completed for the oil company.

Just try to imagine 297 pages of land transactions of your very own family, with names, dates and many other details on all those involved in any way. All land abstracts may not be this extensive but some are much large and almost all of them will contain much valuable genealogical data. You could go from courthouse to courthouse and perhaps collect most of these records for yourself, but I suggest you try the oil company lease departments and abstract companies first.

I contacted lease departments of several oil companies and learned it is a common practice to give the abstract to some member of the family when the lease expires, although some companies charge a modest price for them. Since abstracts cost the company from \$100 to \$500 or more, they usually have only one copy

and no duplicates will be available from them. Circumstances vary and often the title search goes back only 10 to 20 years. Laws governing oil leases vary from state to state, with more information needed on some leases than on others.

If an oil company ever leased land belonging to your family, or which ever belonged to them, you should contact their lease department to learn if they have a complete abstract on the land and if they will permit you to examine it. They can tell you if they ever had an abstract prepared, if they still have it, if disposed of who received it, and the name of the abstract company who compiled it. Don't forget to ask if they have a list of all the living heirs on any property that has been in your family for several generations. Response to all my questions was most cordial, so you should have no reluctance in calling for this type of information. If you are lucky, you could really "bring in a gusher" of data.

If you don't know the name of the oil company that leased the land, just start through the telephone book and call every oil lease department until you locate the one you want. In oil lease areas, oil companies are the first places to check. However, abstracts are prepared for many other land transactions. Banks and loan companies usually require a complete abstract before granting a mortgage on land; Abstracts are used in many estate settlements; wise buyers always demand a full abstract on any land they purchase; and many other transactions involving land employ these documents.

I don't know how many deeds, leases, mortgages and other land documents I have signed, but I certainly never bothered to read all that fine print and until I began research on my families and started checking land records, I wouldn't have understood it anyway. Shocked by my ignorance, I did some checking on Abstract Companies.

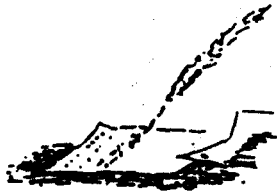

Abstract companies seem to be the outgrowth of early land disputes, long before 1800. They copied all public records affecting land, such as deeds, estate settlements, probate records, tax lists, mortgages, land grants, marriage contracts, divorces, dowers, wills, and all other data affecting the title to the land, assembled and posted them to tract books in geographical order, so that all matters pertaining to any land would be gathered together for easy reference. The main objective was to keep the title to the land clear, but the records contained a great deal of genealogical data. Where courthouses have burned, the abstract company in that county or parish may have the only existing records on many details of your family history. See Know Your Ancestors by Ethel Williams, Chapter 8, "Land Records as Research Tools" for more data on Abstract office records.

After calling several abstract companies I learned that some of them retain a copy of every abstract they compile for their permanent files. Some companies maintain only a summary indexed by location: township, range, section, etc. In this case, unless you know the exact location of the land, they may be unable to help you. The records of an abstract company are not public records. They belong to the company which compiled them. Policies and procedures are not the same for all companies and you must contact each firm individually to learn what records they may have and to secure permission to examine them. All those I contacted stated that they would be glad to supply information available in their office. Since the business of these firms is supplying information, I assume there will be some charge for the data obtained from them. I did not inquire as to this, since each case differs and must be considered separately.

On your vacation, please try to write down the name and address of all Abstract Companies in every county or parish you visit, for our September "Show and Tell" program and so that a master list can be placed in the Vertical Files of the Genealogy Room of Shreve Memorial Library. This information is badly needed.

A LETTER FROM LONG AGO

Rocky Mt. La
July 2, 1894

Mr W. T. Willoughby,

Dear Sir, my mother wishes me to write you, and find whether we are any kin, her maiden name was Verlander Strait. She left Kentucky in the fall of 1847, I think, in company with her brother and sisters Jeremiah Pinson, and Mary Emily, Strait. Aunt Betty Strait, mamma's oldest sister, was married to Mr Hinton Willoughby, she had one daughter named Elizabeth Verlander and a son named Samuel Briggs, they were named for their respective grand mother and grand father. My mamma is the youngest child of Briggs Strait and his first wife, who was a Miss Verlander Pinson, daughter of Zephaniah and Ruth Pinson, who lived for many years near Scottsville. I write this in the hope that you are a relation of ours or if not, that you may be able to put us in communication with some of the children of Hinton and Betty Willoughby, or if there are none of them near there, maybe you could give me the address of some member of the Pinson or Strait family.

Asking pardon for troubling you, and hoping for an early reply,

I am very respectfully,
Miss. Alice Swar

The foregoing letter was written in 1894 by Miss Alice Swor of Rocky Mount, Bossier Parish, Louisiana, to W. T. Willoughby, grandfather of Laurita Sledge, 835 Sledge Road, Alvaton, Kentucky 42122.

William, David and Israel Strait, sons of David Strait of Wake County, North Carolina, came to Allen County (then Warren County), Kentucky. Israel seems to disappear before Allen County is formed in 1815. David left a will naming his children. Mrs. Sledge's husband is a descendant of G. B. Strait, who is believed to be a son of William. From the 1810, 1820 and 1830 Federal Censuses of Kentucky, William appears to have six sons and six daughters.

Mrs. Sledge would like to hear from anyone having information on the STRAIT/STRAIGHT family. The line of Willoughby for whom Miss Swors was searching in the 1894 letter is not the same line as that of Mrs. Sledge, but Mrs. Sledge also has information about that family.

1814 COFFIN UNEARTHED

While visiting in Louisiana, Vyrach Mann, of Memphis, Tennessee, found this clipping in an old family Bible belonging to her sister-in-law. The item was dated 4 February 1955, and was from a Monroe, Louisiana newspaper.

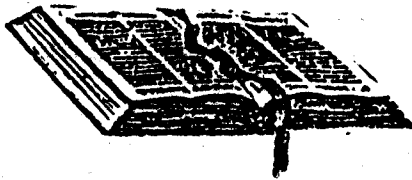

"Workmen digging a water line unearthed the preserved body of a thirty year old woman, buried 140 years ago.

The inscription of the glass covered coffin was dated 7 September 1814, and identified the woman as Mrs. St. Clair Wade. Clothed in a black silk dress and clutching a lace handkerchief in her hand. The body was surrounded by magnolia blossoms and cypress leaves in the cast iron coffin.

The casket was taken yesterday to a Monroe Funeral Home. Workmen discovered the casket encased in a lime and sand vault, about a foot below the earth"

YORK CEMETERY

Marion County, Texas

This cemetery is located in the woods about $\frac{1}{4}$ mile southeast of the ArkLa Gasoline Plant, Halls Community, Marion County, Texas. It is heavily overgrown with brush and briars. (Copied 19 May 1968 by B. R. Randolph.)

Inside a broken down fence two large graves heaped with ironstone. Also York, Wesley b 12 July 1824 d. 15 Oct 1888.

About 20 feet away a single stone with:
Logan, W. S. 23 Jun 1810-10 Jul 1880
Logan, Mary J. his wife 2 Jul 1818-13 Jun 1857

(There is a stone down the hill which I could not find. We formerly lived close to this cemetery when I was a boy. It was formerly fairly open under some pine trees. Now it is completely overgrown with briars and young pines. The old road has long since been abandoned and is now a gully four feet or so deep in places. BRR)

GRAND BLUFF CEMETERY

Panola County, Texas

This cemetery is located in Panola County, Texas about $\frac{1}{4}$ mile off of Highway No. 59 on the bluff just south of the Sabine River. This was formerly a river town. There are two large single bricked-up tombs, no headstones. There is a huge bricked-up tomb or tombs about 8 feet by 16 feet of handmade brick. There are no names or dates on this one either. This cemetery has not been cleaned for several years. The fence is down. The cedar trees are very large, but most are dead. There are at least 100 graves marked only with a brick, a fieldstone, or a stake. (Copied 3 September 1968 by B. R. Randolph.)

The focal point of this book is August Hager, German immigrant shoemaker, and Mary Barbara Reiter Hager, his wife. Although the ancestors of both are included, only the Hagers are included in the numbering system. August was born 1843, the son of Christian Hager and his first wife, somewhere in the Duchy of Braunschweig, Germany. He immigrated to the United States in 1860, settling in New York. Mary Barbara was born 1851 in East St. Louis, Illinois to Barbara and Joseph Reiter (various spellings). Married in 1869, Mary Barbara and August had three children legally under their care before their first child was born 12 years later. The children and those they married were: Charles Joseph (Edith Mary Leip), August John (Catherine Burns), George Henry (Veronica Wegenka), Edward (Katherine Frances Pieszak), Joseph Lawrence (Mary Adele Paulsen), Frank William (married Charles' widow, Edith Mary Leip Hager) and Agnes Josephine (George Bartlett).
